About me

marketing and communication goals.

As a second year MMI student, I have gained experience in video editing and document layout. I have developed expertise in branding, graphic design, web design and product design. I am able to work on projects ranging from logos, websites, advertising campaigns, packaging and branding.

My name is Marion Gillot, and I love design. I am passionate about creating unique and beautiful designs. My main objective is to provide effective visual solutions to help my clients achieve their

able to work on projects ranging from logos, websites, advertisin campaigns, packaging and branding.
